Dear Mr. Turner:

Thank you for requesting comments from our office concerning the possible effects of the referenced project on cultural resources. Our comments are required by Section 106 of the National Historic Preservation Act of 1966, as amended, and its implementing regulations, 36 CFR 800: "Protection of Historic Properties".

We have reviewed the referenced undertaking and it has potential to have an adverse effect on the Cahokia Mounds National Historic Landmark, in addition it also has the potential to adversely effect archaeological sites outside the NHL.

We believe an archaeological survey to determine which lots contain the potential for contributing and/or significant archaeological resources.

If you have any questions, please contact my office at 217/782-4836.

Sincerely,

Rachel Leibowitz, Ph.D.

Deputy State Historic

Preservation Officer
